

## Author Academy eCourse Video 4 Exercise 2

Take a few minutes to write about your favourite character from a novel:

What is the character like, and what about that do you particularly like?

---

---

---

What are the character flaws, and what makes him or her likeable in spite of those faults?

---

---

---

Now that you have your characters, it's time to create their profiles. Create one for each of your characters and include the following:

- Name
- Nickname
- Age
- Birthdate
- Male/Female
- Race
- Location
- Profession
- Education
- Hobbies and interests
- Political and/or religious beliefs
- Disposition and personality

It's also a good idea to add details like what are their faults and/weaknesses, their pet peeves, their fears, the bad habits, their proudest accomplishments, and their secret talents.
